Shared language
Shared knowledge base

> ➢ Competence building workshop
>> ➢ Digital learning resources

Methodology

> ➢ test through a group game on fictitious cases
>> ➢ Implementation of the methodology to the local contexts

DIGITAL LEARNING RESOURCES

English & National Languages

➢ Smart water governance

➢ Grey water

➢ Rainwater harvesting

➢ Water loss

➢ Water efficiency

➢ Status quo and public perception on water use

➢ Water footprint

https://www.interreg-central.eu/Content.Node/CWC.html

- Make clear **scope** and **expected results** of participation. Be honest about **limits**

- Start from the **highest vision** and work to bring it into **concretization** without logical gaps: the process has to be **transparent**

- Make **logical synthesis of the group work** and repropose it to the stakeholders for a check

- Prepare inputs and **organize the work** so that everyone can give his/her contribution

- Create a **cooperative environment**, use **facilitation techniques** when useful

- **Enjoy!**
