

T3 FOSTERING THE CO-CREATION OF LOCAL ENERGY COOPERATIVES AND
IMPLEMENTATION OF CITIZENS BASED PILOT ACTIONS

**D.T3.2.2 - Creation of a Consumer Energy
Group in Municipality of Forlì**

Version 1

1. The Consumer Energy Group in the Municipality of Forlì

According with the ENES-CE Project Application Form, the Municipality of Forlì set up an energy group in order to disseminate concrete best practices of energy savings.

Citizens have been invited since the event hold in conjunction with the Workshop n.3 to participate in the creation of the ENES-CE Consumer Energy Group.

Every interested citizen signed a subscription form (Annex I) giving the privacy agreement, asserting to share the values of sustainability and giving his or her disposal to cooperate with the other members of the group.

The objective of the Consumer Energy Group is gain easier access to energy efficient services, for example: collecting updated information through the Municipal Energy Help Desk, buying energy efficiency elements, proposing investments or eventually creating new energy cooperatives.

Every interested participant received an energy saving kit available at the Energy Help Desk, as well, every citizen who request such a free kit is invited to participate to the activities of the Consumer Energy Group.

Every member entering the Consumer Energy group is registered and the Municipal Energy Help Desk coordinates the first activities such a first e-mail contact, the circulation of some survey in order to gather the individual needs and the ideas for collective solutions.

The members are asked a lively participation to the activities of the group to give sustainability to the CEG, while the Energy Help Desk, after the ENES-CE start-up phase will continue giving support through information on energy efficiency or renewable energies issues.

2. Annex: Subscription form

The annex “*20210629_D.T3.2.2_Modulo partecipazione.pdf*” is the subscription form undersigned by the members.

The applicant who requests to be part of the Consumer Energy Group: shares the values and the principals towards a more sustainable future, is committed in achieving the SECAP goals, is willing to cooperate with other members, has respect for environment and nature, is willing to be proactive inside the group proposing ideas for green purchasing and energy efficiency services, is interested in attending to educational workshops and is available in spreading the word about the activities of the Consumer Energy Group.

The last part of the document is the privacy agreement, necessary to register the members and put them in contact with each other.
