CerDee Project Deliverables for Work Package 3

The book of the 61st Faenza Prize has been published

More than a catalogue, it is a full-bodied book.

The book of the 61st Faenza Prize has been published. Over 200 pages dedicated to the artists selected at the 61st Faenza Prize who unfortunately, due to the health emergency, were unable to put on display their sculptures in the traditional exhibition planned by one of the most important Biennial of Contemporary Art Ceramics in the world.

The works of 56 artists, which were selected at the 61st Faenza Prize, scroll through the pages and are illustrated thanks to a set of large photographs, not only of the selected work but also of the past and most recent works of each artist.

In the book you can find texts by Judith Schwartz, Professor of New York University; Irene Biolchini, MIC guest curator, Claudia Casali, director of MIC Faenza; Ranti Tjan, director of EKWC, Alberto Salvadori, director of ICA Milan

The book is published by Gli Ori, Pistoia. 28 euros

It is available in the best booksellers, in our bookshop and it is possible to preorder it by writing to info@micfaenza.org

Here is the list of artists
