

Annex: Regions' technology specialization (based on content analysis)

Regional Technology Specializations

LOMBARDIA (IT)

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

VENETO (IT)

ICT-Technologies
Digital-Strategy
Digital-Fabrication
3d-Printing
Prototyping
Automation
Cyber-Security
Big-Data
Logistics
IoT
IoT-Platforms
Digital-Manufacturing
Supply-Chain-Optimization

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

MALOPOLSKA (PL)

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

NORTH CROATIA (KONTINENTALNA HRVATSKA) (HR)

Artificial-Intelligence
Additive-Manufacturing
Robotics Design
Digital-Strategy
Sensors IoT
Digital-Assessment
Actuators-Networks

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

UPPER AUSTRIA (OBERÖSTERREICH) (AT31)

Assistive-Technologies
Smart-Factory
Robotics
Automation
Mechatronics
3D-Printing
Assistive-Machines
3D-Vision-&-Modeling

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

USTI REGION (Severozápad including Karlovy Vary Region) (CZ)

Digital-Assessment
Cognitive-Systems Simulations
Cyber-Physical-Systems
Automation
Robotics 3D-Printing
Intelligent-System Neuroscience
Modelling Materials
Smart-City Platforms
Industrial-Informatics

Based on "species" template - threshold set at 20 words

Regional Technology Specializations

WEST TRANSDANUBIA (Nyugat-Dunántúl) (HU)

Fuzzy-Technologies
Autonomous-Systems
ICT-Technologies
IoT
Wearables Acoustics
Tribology Data-Mining

Based on "species" template - threshold set at 20 words
