

REGIONAL CAPACITY BUILDING WORKSHOP 1

D.T3.1.1

West Pomerania

Version 1

04.2021

1. Workshop documentation

1.1. Workshop overview

Workshop 1, 2 or 3	1
PP (number), host	PP7 CETC-EGTC LTD.
Date, location or online	22nd April, 2021, online
Form of workshop ¹	Virtual via Zoom
Number and type of participants	14 - representatives of the CETC-EGTC, Szczecin and Swinoujscie Seaports Authority, Marshal Office of the Westpomeranian Region, University of Szczecin, Maritime University of Szczecin, TOR Consultants Group Ltd. (subcontractor)

1.2. Summary of the workshop

On April 22nd, the CETC-EGTC Ltd. hosted the first capacity building workshop in the Westpomeranian Region.

In the first part of the presentation, the representative of the EGTC, Krzysztof Żarna, presented the aims and results of the completed activities. The results of the baseline study, market potential and bottleneck analysis, were discussed with representatives of the Szczecin and Swinoujscie Seaports Authority, Marshal Office of the Westpomeranian Region, University of Szczecin, Maritime University of Szczecin and other stakeholders.

The most crucial issue to tackle by the West Pomeranian region is to:

- expansion of the network of operator connections between intermodal terminals and ports,
- compensation of infrastructure access costs for different modes of transport,
- expansion of port and intermodal infrastructure, e.g. construction of an intermodal terminal in Szczecin (Dunikowo), modernisation of the Oder Waterway, construction of a deep-water container terminal in Świnoujście
- Adaptation of railway lines to AGTC and ERTMS standards.

In the second part of the meeting representatives of the TOR Consultants Group Ltd. - hub of experts that has been developing studies and analyses with the intention of starting a public debate on the changes that should occur in the transport sector - presented a preliminary list of railway investments necessary for implementation in the Westpomeranian Region.

The list of infrastructure investments in the rail transport sector include:

¹ Physical, virtual, 1 to 1, recorded video sent to the participants

- 64 km of new railway lines
- 220 km railway lines requiring electrification
- 662 km railway requiring improvement of operational parameters
- 4 new stations
- 28 loading tracks

and the list of operational objectives to be achieved include:

- enabling (after completion of modernization) driving long trains,
- improving throughput on entrances / exits to / from the agglomeration and ports,
- splitting the freight trains and local passenger trains,
- enabling rail shipments to be carried out by large industrial plants (including Bridgestone, Kluczewo Sugar Factory, Backer OBR, Agro-Pelcz, BORNE FURNITURE, Chemical Works “Police”).

1.3. Annex

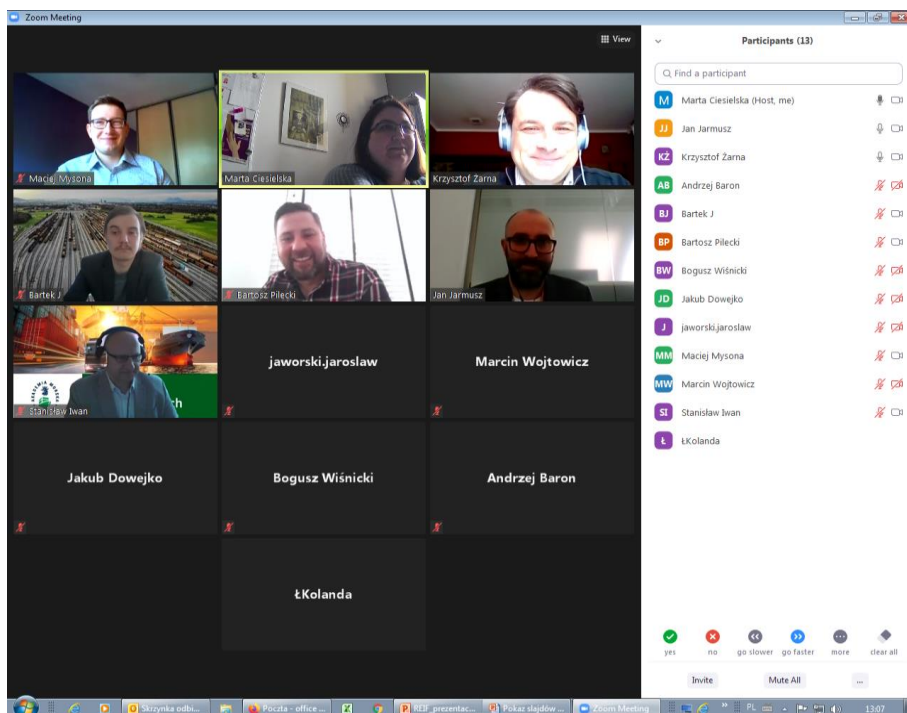

- Participants list

Name and Surname	Organisation
Marta Ciesielska	CETC-EGTC Ltd, Westpomeranian Region
Jan Jarmusz	ArchiCe
Krzysztof Żarna	CETC-EGTC Ltd, Westpomeranian Region
Andrzej Baron	Szczecin and Swinoujscie Seaports Authority
Bartek Jarecki	TOR Consultants Group Ltd.
Bartosz Pilecki	University of Szczecin
Bogusz Wiśnicki	Maritime University of Szczecin, , Szczecin and Swinoujscie Seaports Authority
Jakub Dowejko	University of Szczecin
Jarosław Jaworski	University of Szczecin
Maciej Mysona	TOR Consultants Group Ltd.
Marcin Wojtowicz	University of Szczecin
Stanisław Iwan	Maritime University of Szczecin
Łukasz Kolanda	Szczecin and Swinoujscie Seaports Authority
Elżbieta Załoga*	Maritime University of Szczecin

*Elżbieta Załoga had a problem with the Internet so it was not included in any of the photos.
