Short Description / Summary

The stakeholders are invited to participate to the Online Public TRANSNATIONAL WORKSHOP and to follow and participate to the debate. Because of Corona Virus, the work shop was on line. First of all a final video about Smartcommuting project was shown to participants, the video is in Italian, with subtitles in English. Then the 2 Rimini pilot actions were presented to audience, together with the Transnational Publication. Then one of our Partner Koper had the chance to present its pilot action. At the end a special webinar on cargo bike was presented, as a matter of fact, this way of transport represents a sustainable way of commuting in the city. The audience was very interested to the contents of this workshop.

the topics of your workshop are connected to the following deliverables and outputs:

- D.T1.2.1- Transnational Strategy to change commuting models in the FUAs
- D.T1.3.1-PPP REPORTS ON TRANSNATONAL STRATEGY
- T3 Pilot actions
- D.T3.3.1 RIMINI'S FUA PILOT ACTION
- D.T3.10.1 TRANSNATIONAL PUBLICATION ON PILOT ACTIONS FOR A SMARTER COMMUTING

Expected effects and follow up

The expected effects are linked to the change in commuters habits, to give them an alternative way of commuting , apart from cars. The follows up of the workshop is the possibility to repeat it with other stakeholders.
