## The Enlarged Transfer Program - ETP

**ETP** acronym of Enlarged Transfer Programme, it aims to multiply the impact of the results achieved in the SMACKER project, to create opportunities to involve a wider audience and provide training on Demand Responsive Transport (DRT) solutions.

## SMACKER webinar on Demand Responsive Transport (DRT)

**Learn more on DRT** challenges and experiences from the SMACKER regions and the DRT experts who joined the first SMACKER scientific event originally foreseen in Maribor (SI) that took place in November.
